

## TROOPERS SHOOT, KILLING STRIKERS

BLOOD SHED IN LIVERPOOL IS INCIDENT OF GREATEST LABOR STRIKE.

Liverpool, Aug. 16.—Blood was shed in Liverpool last night as an incident of the great labor strike which today is expected to spread all over the United Kingdom and practically tie up all shipping and railroad traffic. Despite the fact that all the city police and more than 3,000 troops under Gen. Mackinnon Wood were on duty in the city, a mob of strikers attacked a van that was taking several labor disturbers to prison. The escort was compelled to fire on the attackers and in the melee two men were killed and at least 12 wounded.

The section of the city in which this fight occurred had barely quieted down after a turbulent day when extra papers announced that at a meeting of the executives of Amalgamated Society of Railway Servants, the society of Locomotive Engineers and Firemen and the General Railway Workers union a resolution had been adopted unanimously to declare a general strike of all railway employees controlled by these organizations throughout the United Kingdom.

**Lines Are Tied Up.**  
Several Transatlantic liners that were to have sailed are still in the Mersey unable to get away because it has been found impossible to move their cargoes. Should the strike be inaugurated on the railways the congestion of freight will be tremendous to say nothing of the loss of time and inconvenience to the traveling public.

General Wood's troops of cavalry and detachments of infantry were kept on the go all day quelling incipient riots in all parts of Liverpool. Things quieted down during the late afternoon and night until the attack on the prison van again threw the city into excitement. Trucks carrying goods, moved through the streets at intervals during the day, but all were under heavy guard. Partial forces were at work on the docks, where both the police and soldiers guarded them but there were not enough men to make any headway in disposing of the immense accumulation of freight that has piled high on the docks during the past three days.

**Worst Disturbance in History.**  
Following the action in Liverpool, of all organizations of railway employees in ordering a strike, the United Kingdom will face probably the worst labor disturbance in its history. The strike of the dockers and transit employees which had disturbed the city for about a week, was nearing a settlement. Many of the dockmen had returned and more were returning, but when the news from Liverpool reached London there was considerable consternation among railroad and shipping interests.

## McCABE MAY BE DISMISSED

Enemy of Doctor Wiley, It is Reported, Submits Incomplete and Mutilated Records as Proof.

Washington, Aug. 16.—Solicitor George McCabe, of the department of agriculture, inveterate enemy of Dr. H. W. Wiley, pure food expert, and champion of benedictine of soda may be dismissed for sending to Secretary Wilson, Attorney General Wickersham and even to President Taft incomplete and mutilated records on which to base his recommendation that Doctor Wiley be removed from office. President Taft, it is reported is incensed over this latest development in the case.

Doctor Rusby whose appointment by Doctor Wiley brought about the present move against the latter testified he had asked to see the letter written him concerning his appointment by Doctor Wiley, but Solicitor McCabe had refused him.

**Electrical Storm in New York.**  
New York, Aug. 16.—In an afternoon hour of midnight blackness the light struck the wireless outfit of the steamship Kron Prinzessin Cecilie, which had landed only a few minutes before; hit public school No. 91, in Stanton street, where 400 children were playing in the basement, crashed down upon the Lackawanna ferry house in Hoboken, while other bolts struck apartment houses in widely scattered localities of New York, causing terror to the timid.

**A Woman in the Case.**  
Rome, Aug. 16.—The crack Italian battleship San Giorgio is on the rocks off Posilipo in the bay of Naples and her commander, Captain Albenga is accused of neglecting her navigation owing to the presence on board of a charming countess, whose identity has not been disclosed.

**Stewards Acquitted of Mutiny.**  
Montreal, Aug. 16.—Fifty-seven stewards of the Allan liner Victoria were acquitted of mutiny. They had refused to carry the mails at Rimouski. The court ruled that there was no right to arrest the men here without a warrant.

**Minister Jails Relative.**  
Elyria, O., Aug. 16.—Because, it is alleged, he tore up 31 watermelon vines in the patch on the farm of his brother-in-law, Rev. Mr. English, a retired minister, Dr. George Quigley, a physician of Amherst, was brought to the county jail on a charge of malicious destruction of property, valued at more than \$35, a penitentiary offense.

**Gives Power to Budget Makers.**  
Columbus, O., Aug. 16.—Practically unlimited power is restored to county budget commissioners by the supreme court. It annulled the original journal entry in the tax limit law test case and removed the restriction that reductions in local rates must be "proportionate" when necessary to bring the total within the ten mills limit.

## Suggestions in Care of Home

Simple furnishings and systematic weekly cleaning do away with the time "house cleaning." There need never be a time when the house is torn up from attic to cellar. Decorating and repairs may come at easy intervals, if one chooses.

The items below are suggestions as to order and method in the weekly cleaning of a room.

Clean, movable draperies, ornaments, and smaller furniture and take from room.

Dust and roll up shades. Remove smaller rugs and clean them.

Brush, dust and cover larger pieces of furniture.

Brush higher woodwork and walls. Dust picture frames and wipe backs of smaller pictures.

Shake out window and other large draperies and pin up.

Sweep heavier rugs and roll up. Dust gas fixtures.

Clean the floor.

Up to a certain point a feather duster is allowable; when the dust is settled it should be removed by using a slightly dampened cloth. As ordinarily performed simply wiping the lint from one place to another, ideas of dusting are as many and varied; some dust only what is in sight, others what might be seen, and a few dust everywhere. They never fail to wipe the window sashes where they meet and lock. They open all doors and clean them on top and two sides, as well as back and front. More than that, they dust the casing where the door touches when closed. One never finds a solid black line down their door casings.

Sometimes it is necessary to polish as well as dust. The unbroken white of an egg stirred into cold water cleans polished surfaces well. Work in small sections, dry quickly, and rub till bright. Cloths must be soft and clean. Woodwork that has been stained only should be cleaned with a cloth slightly oiled, and dusted with a dry cloth. White spots made by water or heat on varnished furniture are removed by rubbing with spirits of camphor. A good furniture renovator should always be at hand and used for polishing.

Bare floors are cleaned like any other woodwork. Waxed floors should be washed before re waxing, but rarely at other times. Floor brushes or brooms covered with cotton flannel, fleecy side out, are best for cleaning them. Bits of damp paper or damp tea leaves scattered over a floor catch the dust in sweeping. Ingrain carpets are brightened by scattering cornmeal or dry salt before sweeping. The digging required to remove these insures a thorough cleaning. As soon as a section of a room is done the dirt should be taken up.

One should notice whether she is using the best method in sweeping. She should give short, quick strokes, bearing down on the broom and lifting it back instead of dragging.

After the woodwork come the picture frames and gas fixtures; next the large pieces of furniture; then the large rugs are spread out, furniture brought in and arranged, and draperies and bric-a-brac put in place.

Windows may be cleaned at any convenient time when in the shade. A little alcohol in the water keeps it from freezing on the glass in cold weather.

## Stuffed Cucumbers

Take one dozen nice fat cucumbers about five inches in length; pare carefully and remove seeds with apple corer, leaving the outer shell of cucumbers with both ends open. Prepare a nice croquette mince meat of either real chicken or other fowl and stuff the hollowed cucumbers with it. Have three or four potatoes nicely washed to close the ends of the cucumbers and stuff them. Roll the cucumbers in plenty of cracker dust, seasoned with salt and pepper and put them in a well heated oven on a deep pie plate and bake for twenty minutes to half an hour without turning. Serve hot on same pie plate placed in a neatly garnished soup or dinner plate.

## To Can Gooseberries

Prepare and wash fruit as usual. Put into a granite or crockery vessel, pour on boiling water until the fruit is entirely submerged. Cover up tight and allow it to stand ten minutes. Empty the berries into a colander and thus drain off all water. Put the fruit into the cans and pour in boiling water until the cans are completely filled, then seal immediately.

Gooseberries canned in this way will keep for three years if desired and when opened will be as fresh and well flavored as if just picked from the bushes and can be sweetened and used for sauce or pies the same as fresh fruit. If you care to use it so, the juice of one quart of gooseberries canned thus will be found sufficient for three glasses of jelly.

## Radish and Lettuce

Wash and cut a bunch of radishes in thin slices and mix with one-half head shredded lettuce; pour over French dressing.

**OX TONGUE EN CASSEROLE.**  
One fresh ox tongue, two carrots, two onions, one turnip, a bunch of parsley, thyme, marjoram, three cloves, six allspice, stock or water, salt and pepper. Wash and trim the tongue carefully, roll it round in the same way as you would ribs of beef, and keep it in shape with a piece of tape. Wash and prepare the vegetables, cut each in half. Lay them in the casserole with the spice. Next put in the tongue, then put in the rest of the vegetables, and pour enough stock or water to half cover the tongue. Put the lid on the casserole and let the contents simmer gently for four hours. The tongue should be turned once during the cooking. Then either serve the tongue hot, with the stock thickened, carefully seasoned and flavored with ketchup, or serve it cold, garnished with fresh parsley.

**Seemed to Give Him a New Stomach.**  
"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngsters, Editor of The Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by all dealers.

For a mild, easy action of the bowels, a single dose of Doan's Regulets is enough. Treatment cures habitual constipation. 25 cents a box. Ask your druggist for them.

## State News

Toledo.—Rev. John Farrell, bishop of Cleveland, was made one of the defendants in a suit filed in United States circuit court here by Otto Landgraf of Asbury Park, N. J., to break the will of his sister, Marie L. Shuck, who bequeathed nearly \$100,000 to the Providence Good Samaritan hospital and Grace church in Sandusky, O. Landgraf was bequeathed only \$1,000, his brother, William H., of Sandusky, a similar amount, and two nephews in Germany \$300 each. Mrs. Schuck formerly was a high school teacher in Sandusky and died in Berlin, Germany, in September last year.

Amherst.—Trudging homeward after happy hours spent in playing along the banks of a creek near here, with a big mud turtle carried by the legs between them, a trophy of their hunting prowess, Stephen, 14, and Frank 7, only sons of Mr. and Mrs. Antonio Schmitz of Amherst, were struck and instantly killed by a Lake Shore passenger train a mile east of the village.

Toledo.—On his refusal to answer when an attempt was made by counsel for the Eberson Paint Co. of St. Louis, to take his deposition in the office of Notary Lewis Hall, Guy G. Major, former mayor, was committed into the custody of the sheriff by the notary. Habeas corpus proceedings were immediately commenced in probate court. The drastic action by the notary grew out of a suit for damages brought against the Guy G. Major Linsend Oil Co., by the Eberson Paint Co., St. Louis, following a suit to collect money alleged to be due on account, filed against the paint company by the Major company.

New Philadelphia.—After buying a coffin, naming his pallbearers, selecting the text of his funeral sermon and the songs he wanted, A. R. Howell, 65, a Panhandle railroad worker, went to bed at his home in Gnadenhuetten, and died a few hours later.

Columbus.—Hal D. London, 45, a noted Washington political correspondent and writer, was found dead at the bottom of an elevator shaft into which he is believed to have fallen. The body was partially decomposed. No foul play is suspected. London was the friend of several presidents.

Toledo.—John Pell was killed and seven injured by an explosion of dynamite at the White Rock plant of the Kelley Island Lime & Transport Co., near Clay Center.

Sandusky.—Paul Ritzenthaler, 20 months, son of George Ritzenthaler, died after great suffering from eating cathartic pills sold to contain strychnine and bella donna. The pills were in a box dropped by a visitor.

Cincinnati.—Physicians are puzzled over the cause of death of Robert Rader, 13, son of Lafayette Rader, Newport. The sight of water threw the boy into convulsions. The very mention of or placing his hand in water produced a like trouble, and it became necessary to close the doors and windows of his room and keep him in total darkness. A breath of fresh air produced the same evil effect. He had told his mother, brothers and sisters he was going to die.

Cleveland.—Three people were injured by lightning, two of them narrowly escaping death, and thousands of dollars damage to property resulted when a heavy rainstorm, accompanied by lightning and hail, descended upon Cleveland and northern Ohio. Hundreds were drenched by the sudden downpour which came as they were seeking relief from the torrid weather in the parks and country districts, in places where shelter could not be found.

Toledo.—A guilty conscience and the confessional are the means by which George H. Ketchum, Toledo horseman and theater owner, received \$2,500 a few days ago for which he cannot account. Recently Ketchum received a letter from a Catholic clergyman stationed in northern Canada to the effect that a parishioner had confessed to having at one time wronged Ketchum to the extent of \$2,500. The letter was written for the purpose of establishing Ketchum's identity. Ketchum thought he was being made the victim of a practical joke. He was greatly surprised when a draft for \$2,500 arrived.

Piqua.—Clay A. Meyers, engineer and electrician in a worsted mill, was instantly killed by accident while brushing against a switchboard.

Akron.—Mrs. Mary Baughman, 51, of Springfield Center, O., is lying in the Akron hospital with slim chances of recovery, the result of being crushed in an elevator at the Moose building.

Springfield.—Entangled in the bed clothing while supposedly asleep upstairs the six-months-old baby of Mrs. Bessie Brubaker was smothered to death. The mother was visiting at the home of her mother, Mrs. Mandlin Barnhart, near Northampton, at the time of the accident.

Canal Dover.—Beach City claims to have the smallest families on an average of any town in the state. Of the 200 families living there 83 are childless, 35 have but one child each and 39 but two children each. The population of the town is 706.

Steubenville.—In her first attempt to light a gas range Mrs. Theresa Maul, 63, was fatally burned and her daughter, Mrs. Rosa Williams, was seriously burned in trying to save her life. Mrs. Maul came from Germany recently and did not understand how to light the stove. Mrs. Maul died soon after the accident.

## THE TRUE TEST

Tried in Canfield, It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Canfield. Kidney suffers can hardly ask for a stronger proof than the following:

Prescott Cross, Wadsworth St., Canfield, Ohio, says: "My kidneys were badly disordered and caused acute pains in my back. Sometimes this trouble was so severe that I could hardly get up in the morning and when I did so, I could not stoop to lace my shoes. I believe my complaint was caused by overwork and a severe cold. Having Doan's Kidney Pills brought to my notice, I obtained a box at Morris' Drug Store and to my delight, they relieved me. After I had finished the contents of two boxes I was completely cured. I know that Doan's Kidney Pills live up to representations."

Mr. Cronk gave the above testimony in August, 1909 and on June 11, 1910, he said, "I value Doan's Kidney Pills just as highly today as when I recommended them some years ago. On one or two occasions, since then, when hard work has brought a return attack of backache, I have taken Doan's Kidney Pills with the best of results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## ORDINANCE.

Ordinance to issue a bond for the purpose of providing a fund for the payment of the unpaid assessment for the construction of a Storm Water Tile Sewer on the West side of Broad Street in the Village of Canfield, State of Ohio, from its intersection with the South line of Main Street to its intersection with the North line of Court Street.

Section 1. That it is deemed necessary by the Council of the Village of Canfield, State of Ohio, to issue and sell a bond of said Village in the sum of \$189.39 for the purpose of providing a fund for the unpaid assessment for the construction of a storm water tile sewer on the West side of Broad Street in said Village, from its intersection with the South line of Main Street to its intersection with the North line of Court Street.

Section 2. That a bond of the Village of Canfield, Ohio, be issued in the sum of \$189.39 for the aforesaid purpose and the number shall be No. 21, and shall be dated October 1st, 1911, and shall bear interest at the rate of 5 per cent per annum, payable semi-annually, evidenced by coupons attached thereto, and shall run for a period of ten years, and shall be made payable ten years from date, payable at The Farmers National Bank of Canfield, State of Ohio.

Section 3. Said bond shall express on its face the purpose for which it is issued, and that it is issued in pursuance of this ordinance. It shall be prepared, issued and delivered under the direction of the finance committee of the Council of the Village of Canfield, and Village Clerk, and shall be signed by the Mayor of said Village, and by the Village Clerk, and sealed with the corporate seal of said Village; and the interest coupons attached to said bond shall be executed by the Village Clerk with his signature thereto or he shall have his signature printed or lithographed thereon.

Section 4. Said bond shall be first offered at par and accrued interest to the Trustees of the sinking fund in their official capacity, and if the sinking fund Trustees refuse to take said bond then same shall be advertised for public sale and sold in the manner provided by law, but not for less than its par value and accrued interest; provided however that the said bond to be issued shall be reduced by the amount so paid in cash for assessments against the property along said improvement from the amount of the fund to be provided herefor.

Section 5. The proceeds from the sale of said bond except the premiums and accrued interest thereon, shall be placed in the Village Treasury to the credit of the Broad St. storm water tile sewer fund and shall be disbursed upon proper vouchers for the purpose of paying the unpaid assessments for the construction of a storm water tile sewer on the West side of Broad Street as herein set forth and for no other purpose whatsoever, and the premiums and accrued interest received from such sale shall be transferred to the Trustees of the sinking fund to be applied

by them in the manner provided by law.

This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Done in Council this 14th day of August, 1911.

W. J. GEE, Mayor.

S. A. Arnold, Clerk.

## LEGAL NOTICE.

## The Diamond "15" Puzzle

A few years ago, the "13-14-15" Puzzle was occupying the minds of every one. It was generally admitted to be the hardest Puzzle to solve ever invented—the inventor going crazy in trying to find a fixed rule for solving it. The DIAMOND "15" PUZZLE is an outgrowth of that celebrated Puzzle—it being discovered while trying to solve the 13-14-15 MASTER Puzzle.

Can You Solve This Puzzle? It Can Be Done

DIRECTIONS—Place any number from 1 to 9 inclusive, in the EIGHT vacant diamonds on this or any similarly arranged sheet of paper or other material in such a manner that any way the numbers are added, perpendicularly, horizontally and diagonally (including the number in center diamond) the total will be 15. The same number cannot be used more than once. Few will get all 8 columns correct. Some will possibly get 6 columns. Write your name and address neatly, accurately and plainly on your answer and mail or deliver your solution before 6 p. m. Tuesday, August 29th, 1911, to the Contest Department, Greater Pittsburgh Piano Co., 633 Smithfield St., Pittsburgh, Pa.
